## LETTER FROM THE FOUNDER

Dear Friend,

TNT Multi-Care Foundation was born out of my deepest love and personal journey as a mother. When my daughter Tina suffered a life-changing condition due to a car accident as a child, I found myself thrust into a world that so many families face—often alone, overwhelmed, and without the resources they need. It was in those quiet, exhausting moments of caregiving that the seed for TNT was planted.

I made a promise, not just to Tina, but to every family who knows what it means to carry the weight of care on their shoulders. I promised to do everything I could to build a foundation where love meets action and where no one is ever left behind.

Today, TNT Multi-Care Foundation stands as a beacon of support for mentally challenged individuals, veterans, the elderly, and those facing mental health or brain injury challenges. But we cannot do this without you.

Your generosity changes lives. It means more families can receive critical resources. More veterans can find the support they've earned. More elderly individuals can age with dignity. It means hope, compassion, and real solutions.

Thank you for considering partnering with us. Your support fuels our mission and lights the path forward for countless others.

With heartfelt gratitude,

**Yolanda Jones**  
Founder, CEO & President,  
TNT Multi-Care Foundation

## OUR MISSION

At TNT Multi-Care Foundation, our mission is to empower families and support individuals living with intellectual and developmental disabilities, traumatic brain injuries, mental health challenges, and aging-related conditions. We are dedicated to creating a compassionate, safe, and resource-rich environment where dignity, respect, and independence are non-negotiable.

We believe no one should face these challenges alone. Whether it's a family caring for a child with disabilities, a veteran seeking mental health support, or an elderly individual in need of dignified care, TNT stands ready to be a lifeline.

Through direct support, caregiver education, advocacy, and a growing community-based referral network, we walk alongside families during some of the most difficult and isolating moments of their lives—providing hope, resources, and resilience. From veterans to the elderly, and from children to caregivers, we help ensure that each person has access to care and the opportunity to thrive.

At the heart of our work is a promise: to walk with families through the complex journey of care and to build a society where no one is left behind. Our mission is not just about care—it's about **empowerment**. It's about building a society that lifts up its most vulnerable, embraces equity, and creates real pathways for lasting well-being.

## OUR COMMITMENTS

1. **Promoting Safety and Security** - We create a protective and inclusive environment that supports individuals' physical, emotional, and mental well-being, while empowering them to remain in their homes.
2. **Delivering Quality Care** - Through compassionate and personalized support, we promote independence and dignity.
3. **Advocating for Inclusion and Empowerment** - We work to ensure the rights, respect, and self-determination of those we serve.
4. **Collaborating with Partners** - We connect with families, caregivers, and stakeholders to build a strong network of care.
5. **Continuous Improvement** - We evolve our programs with the latest in care research, technology, and innovation.

## VISION STATEMENT

At TNT Multi-Care Foundation, we envision a world where every individual—regardless of ability, age, or circumstance—has the opportunity to thrive with dignity, purpose, and community support.

Our vision is rooted in compassion and driven by action. We see a future where children with developmental disabilities receive the resources they need to flourish, where veterans are supported beyond their service, where mental health is met with understanding, and where aging is embraced with dignity, not fear.

We believe in a society where caregivers are equipped, families are empowered, and communities are united in care. Through collaboration, innovation, and relentless advocacy, we are working to build systems that don't just treat symptoms—but uplift lives.

**This is more than a vision. It's a call to transform how we care for one another.** Together, we are creating a future where:

- **Holistic well-being** is prioritized across every stage of life
- **Empowerment and independence** are accessible to all
- **Inclusion and advocacy** are embedded in every program and partnership
- **Community engagement** becomes a shared responsibility
- **Innovation and excellence** define the standard of care
- **Collaborative partnerships** become the foundation of sustainable impact

We imagine a society where no one is invisible, and every person is valued. And with your partnership, that future is within reach.

## CORE VALUES

At TNT Multi-Care Foundation, our values guide every interaction, every service, and every decision we make. They reflect who we are, what we stand for, and how we serve the individuals and families who rely on us.

- **Integrity** - We lead with honesty and uphold the highest standards in all we do, ensuring trust is the foundation of our relationships.
- **Respect** - We honor the unique worth of every individual and treat every story with compassion and dignity.
- **Responsibility** - We are accountable to the people we serve and to the mission we uphold, always striving to deliver with excellence.
- **Confidence** - We believe in the potential of every life and approach our work with bold vision and unwavering faith in possibility.
- **Freedom** - We champion independence and self-determination, ensuring every person has the support to live life on their own terms.
- **Fun** - We embrace joy and celebration as essential parts of healing and community, knowing that happiness is as vital as care.
- **Perseverance** - We never give up on the people we serve or the mission we carry. Challenges may be great—but our commitment is greater.

These values aren't just words—they are our promise. To show up with heart. To serve with purpose. And to build a world where no one is forgotten.

## ORIGIN STORY

TNT Multi-Care Foundation was born from one mother's fierce love and unwavering determination.

When Yolanda Jones's daughter, Tina, suffered a traumatic brain injury in a car accident as a child, life changed forever. Yolanda suddenly found herself on an unexpected journey—becoming a full-time caregiver, advocate, nurse, and protector. The path was unfamiliar and overwhelming, marked by late nights, impossible choices, and long stretches of silence where help seemed out of reach.

But Yolanda refused to let her daughter fall through the cracks—and she wasn't about to let other families do so either.

**What began as a personal struggle turned into a powerful mission.** Yolanda made a promise not just to Tina, but to every caregiver, every veteran, every elderly individual, and every person navigating life with disabilities or mental health challenges. She promised to create a foundation that stood in the gap—a future community of care, empowerment, and dignity.

That promise became **TNT Multi-Care Foundation**.

While the name *TNT* may remind some of Tina, its deeper meaning reflects the *Tender Natural Touch* Yolanda poured into her daughter's care—compassion that was both powerful and unwavering. It also speaks to the explosive heart and tireless commitment driving the mission forward. Though we are still developing our programs and building our network, the heart of TNT is already strong. We are laying the groundwork for a lifeline of support—one that will uplift families who far too often feel forgotten or overwhelmed. Our story started with one family, but its future includes yours.

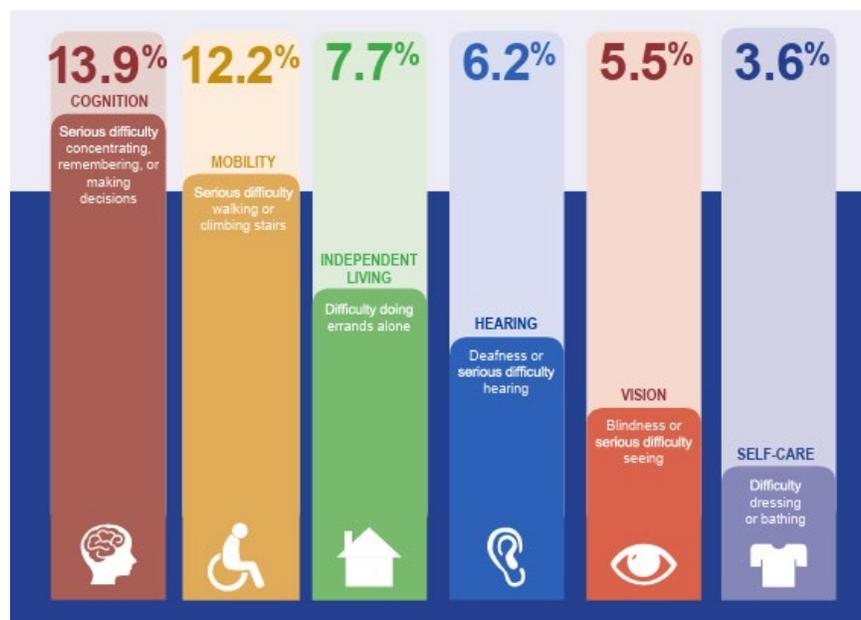

## THE GROWING NEED

Every day, families across our communities are navigating life with intellectual and developmental disabilities, traumatic brain injuries, mental health challenges, and the complex realities of aging. Many are doing so with little to no support—overwhelmed, under-resourced, and emotionally exhausted.

Source: [CDC, National Center on Birth Defects and Developmental Disabilities - \(2024\).](#)

Source: [CDC, National Center on Birth Defects and Developmental Disabilities - \(2024\).](#)

The need is undeniable, and it's growing. According to the CDC:

- **1 in 6 children** in the U.S. has a developmental disability
- **Over 5.3 million Americans** live with a disability caused by traumatic brain injury
- **1 in 5 adults** experience a mental health challenge each year
- **By 2030, all Baby Boomers will be over 65**, dramatically increasing the demand for elder care

And yet, the systems in place often leave these families behind waiting on lists, navigating red tape, or simply falling through the cracks.

At TNT Multi-Care Foundation, we see this crisis as a call to action.

We are laying the foundation for a future that includes wraparound care, caregiver support, advocacy, and access to essential resources.

But we can't build it alone. As the need grows, so must the vision, and so must the support.

Your partnership today helps create the lifeline that thousands will need tomorrow.

Together, we can rise to meet the moment with compassion, courage, and commitment.

## WHY YOUR GIFT MATTERS

At TNT Multi-Care Foundation, we are in the early stages of building something extraordinary. A compassionate network of services that meets individuals and families where they are, with the dignity, care, and support they deserve.

Your gift isn't going toward maintaining a status quo.

**It's helping us create what doesn't exist yet.**

You are funding the *first steps* toward:

- Establishing **direct support programs** for families in crisis
- Building a **caregiver resource center** to offer tools, referrals, and relief
- Expanding our **community partnerships** with local service providers
- Developing **outreach and advocacy** to ensure no voice is overlooked
- Launching **veteran and elder care initiatives** that are inclusive and accessible

Every dollar helps turn vision into action—and transforms isolation into hope.

This isn't just charity. This is **foundation work**, brick by brick. When you give to TNT, you're not giving to a cause that's already complete. You're helping us **build the bridge** that so many families are waiting to cross.

Together, we are creating a future where no one is left behind.
